

Justin Chen
Branch Out
Grade 9

Qualifications

- Leadership and Teamwork

- I currently play on a travel soccer team and it has taught me how to cooperate with others efficiently.
- In my Independent Research Project for my biology class, I was able to properly work with my partner and create a functioning prototype of our project (a laptop cooler)

Patience

- I am very patient and I am able to work with others without getting frustrated
- I am also very focused and I am able to stay on task and getting things done.
- I love working with others and communicating with other people to see how they perceive things. I am open-minded and am quite flexible.
- **Extensive Knowledge of Mathematics**
 - See achievements below
 - Competition Math- I am skilled at competition math and in result, I am able to perceive math in a different way that makes mathematics very simple for me
 - Math Ambassador (I've had former tutoring experience)

Achievements

- AMC 10 Qualifier in 7th and 8th Grade
- Honor Roll in 7th and 8th Grade
- AMC 10 School Winner (highest score in the entire school) in 9th grade
- Straight A student (One AP course in freshman year)
